The Examiner has requisitioned the identification of the species that is elected. In response, applicant elects Sub-Group B - Figure 8F.

The Examiner has requisitioned a listing of all claims readable thereon. Claims 9, 10 were previously withdrawn in an earlier restriction requirement. The applicant submits that the following claims were readable on Figure 8F: Claims 1 to 8, 11 to 13, 15 to 25, and 27 to 31.

The applicant reserves the right to argue that non-elected claims are generic, pending the issuance of a substantive Office action.

It is respectfully submitted that the present election and identification of claims is a complete response to all outstanding issues. If anything further is required, please contact the undersigned.

Yours very truly,

David J. Heller
